

Public Consultation
Proposed Waiting & Loading Restrictions
Bridgewater Road and Ealing Road
(From Bridgehill Close to Glacier Way)

This document outlines our proposals for waiting and loading restrictions on Bridgewater Road and Ealing Road (from Bridgehill Close to Glacier Way). Please read through the information in this document and then complete and return the enclosed questionnaire - **postage is free**. Alternatively this document is also available for completion online at www.brent.gov.uk/consultation. Only responses from within the consultation area will be considered. The closing date for the return of the questionnaire is: **3 May 2019**.

Why are we proposing this change?

The Council has received complaints about vehicles blocking one lane of Bridgewater Road and Ealing Road after 6.30pm and before 8am during weekday. This restricts the free flow of traffic on Ealing Road and causes localised congestion especially on the section between Manor Farm Road and Glacier Way

What are the proposed changes?

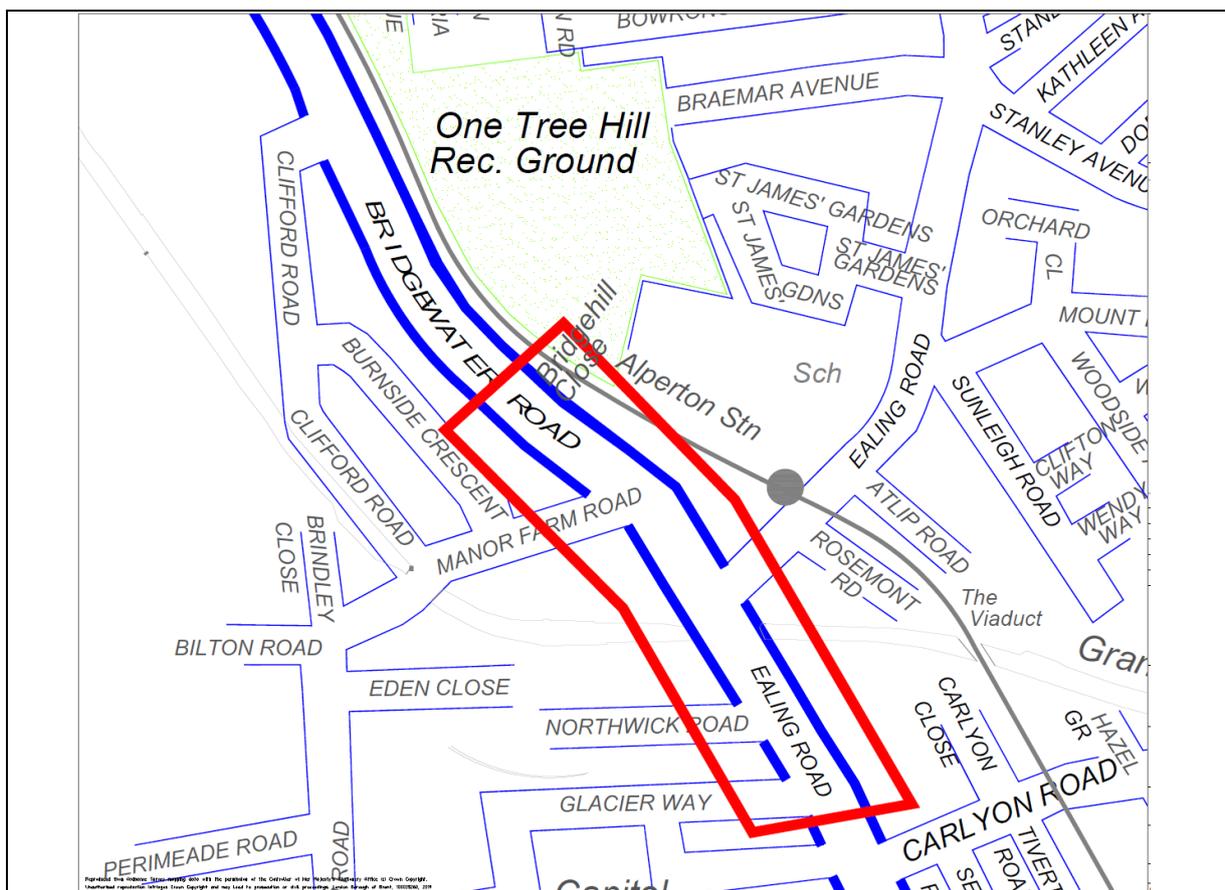

In response to the concerns raised, we are proposing to introduce new No Waiting and No Loading "at any time" restrictions (double yellow lines and double kerb blips). The new restrictions are shown on the attached drawing and are outlined as follows:-

- **No Waiting 'at any time' restriction** - Double yellow lines are proposed along Bridgewater Road and Ealing Road from Bridgehill Close to Glacier Way including changing all the existing single yellow line markings. This will help reduce localised congestion and stop vehicles blocking the nearside lane of traffic during the morning evening peak periods.
- **No Loading 'at any time' restrictions** – Double kerbs blips will be introduced on the kerbs (3 meters apart) along Bridgewater and Ealing Road from Bridgehill Close to Glacier Way. This will prevent vehicles loading at any time along this section.

Please see the back of this document for further details on how to respond to this consultation.

Sandor Fazekas – Project Development Service Manager, Highways & Infrastructure

We are consulting residents/businesses in the area within the marked solid red line

Your views are important to us

Only the questionnaire issued by the Council should be used to respond to this consultation and no photocopies will be considered.
